The new Porsche 911 S/T

Special edition celebrates the 60th anniversary of the 911
Six decades of the Porsche 911: 12 September 2023 marks the 60th anniversary of the first presentation of this iconic sports car.

Limited to 1,963 examples
In a nod to the debut year of the 911 – 1963 – Porsche has limited production of the 911 S/T to 1,963 examples.

Lightest 911 of the 992 generation
With extensive use of CFRP and many bespoke components, the 911 S/T features a kerb weight of just 1,380 kilograms.

4.0 litre, 525 PS, 9,000 rpm, manual transmission

The Porsche 911 S/T () combines the high-revving flat-six engine of the 911 GT3 RS (**911 GT3 RS (WLTP)*:** Fuel consumption combined: 13.2 l/100 km; CO_2 emissions combined: 299 g/km; CO_2 class: G) with an exclusive six-speed manual transmission.

Lightweight clutch and single-mass flywheel
Significant weight reductions in the rotating masses make the 911 S/T exceptionally responsive.

Purist chassis design
The 911 S/T combines a double wishbone front-axle design with a multi-link rear axle, but without rear-wheel steering.

Optional: Heritage Design Package
The Heritage Design Package recreates the traditional character of the model with its bodywork and in its interior.
